Adding your photo to a CV is optional. Photos help recruiters remember you, but there is a risk of unconscious bias.

07

Adding volunteer work and other interests is optional. Information under this section may seem irrelevant but it can build rapport with recruiters.

08

Do not crowd your CV. Feel free to use a second page, which usually features your educational background and other achievements and awards.

09

Make sure the CV's design aesthetic matches the job you are applying for. For creative roles, you may prefer CVs with a touch of color. For more corporate roles, go for a more simple design.

10

Having a list of references is no longer required in CVs. The same goes for a summary or objective section.
